CGPA : 7.56%
Expected Completion in 2025

About Me

I am a final-year Electronics and Communication Engineering student with a CGPA of 7.5, eager to explore diverse career opportunities in both web development and electronics. Proficient in HTML, CSS, JavaScript, Bootstrap. I have gained hands-on experience through internships. My academic projects utilizing Arduino and Raspberry Pi have allowed me to integrate coding skills with practical applications in electronics. I am enthusiastic about applying my technical expertise and innovative mindset to create impactful solutions in both fields.

Projects

Echo: SEO Marketing Website

- Created a comprehensive SEO marketing website aimed at enhancing online presence.
- Utilized HTML, CSS, and JavaScript for a responsive design.
- Included features like testimonials and case studies for added credibility

Weather Website

- Developed a weather forecasting website that provides real-time weather updates.
- Used APIs to fetch and display weather data dynamically.
